Dear Peter,

RE: Thank You

I would like to formally and personally thank you for the time you spent with the Northern Mallee Leaders and Loddon Murray Leaders in Melbourne.

Your presentation and response to the questions was both informative and inspirational.

Some of the comments received through the survey monkey evaluation process, provided for your interest, speak for themselves and are as follows:

- Easy to listen to and to understand the important points.
- Excellent.
- Figures he presented us with were really interesting.
- Interesting statistics.
- This speaker was amazing. I felt very fortunate to have him go through the correlational statistics he presented. His ability to speak from a career path that has lead him through so many interesting, but related fields gave him such credibility. I could have listened to him all day!
- Was this the guy I saw a bit later in the week on the news. Very thought provoking.
- A very good talk, clearly a lot of experience and conveyed his message well. Some interesting statistics, are the politicians and our communities facing the difficult questions no not even prepared to I would suggest, that said clearly this sort of data should help inform politicians and clearly made me think about my beliefs.
- Professor Peter Norden gave a very good presentation and I have a lot to think about regarding social justice.
- An inspiration and excellent in giving me the tools to look at poverty from an evidence based perspective.
- Peter was outstanding!
- Peter provided wisdom & experience in advocating change, influencing policy and framing the problems.
- Very interesting to see the statistics.

- Absolutely fabulous. Engaging, informative, passionate, an expert, thought provoking, could have listened to him speak for hours longer. Motivated me. I am really interested in evidence based and this ticked all the boxes of using all this supporting evidence.
- Definitely a man of great passion I was very inspired and I felt strength behind his words.

I wish you well in your business and have no doubt I will be in touch again next year.

Please don't hesitate to call me on 0418 170 074 or visit the website at www.nml.org.au to see what the group is up to or like Northern Mallee Leaders on Facebook.

Yours sincerely,
